PETITION UNDER 37 CFR 1.181 TO OBTAIN CORRECT FILING

DATE UNDER 37 CFR 1.10(d)

Statement of Facts:

Applicant entered the U.S. National Phase under 35 U.S.C. 371 by Express

Mail filing the above-captioned application on September 1, 2004.

Applicant claims priority from PCT/IB02/00615, filed March 1, 2002. The

applicant therefore entered the U.S. National Phase within the prescribed 30-month time limit under 35 U.S.C. 371.

Applicant's appointed representative has today received the return receipt postcard from the USPTO containing the U.S. Application Number allocated to this National Phase application: 10/506,586 (copy attached). However, the date of receipt is stated as '02 SEP 2004'. This is of course incorrect.

Applicant, through its representative, hereby submits that the U.S. National Phase application was effectively filed on September 1, 2004. The application was filed via the United States Postal Service 'Express Mail' service, and was deposited directly with an employee in advance of the last regularly scheduled pick-up, in this case Mr. Philip Grant, Supervisor, Grand Central Station Post Office, 450 Lexington Avenue, New York, NY 10017 (per 37 C.F.R. 1.10(d)). Mr. Grant postmarked the Express Mail receipt on September 1, 2004, as shown in the enclosed copy of same. However, the USPS employee omitted the "date-in".

Issues:

Any discrepancy as to the actual date of receipt was due to the fact that there was a major national political convention taking place in New York

City from August 30, 2004 until September 2, 2004 (the Republican National Convention). The Convention was held in a building contiguous to, and at that time, integrated with, the main Post Office (in which some convention operations occurred). Upon inquiry, applicant's representative has determined that, due to the convention, mail deliveries from many Post Offices in New York to the main Post Office were heavily disrupted, thus delaying the processing of regular and Express Mail.

In this case the application was deposited directly with an employee of the USPS at Grand Central Station Post Office in New York City on September 1, 2004, and the receipt was accordingly postmarked September 1, 2004 (see copy of receipt, enclosed, with postmark showing both date in, September 1, 2004, and Post Office of receipt – Grand Central Station Post Office, zip 10017). However, it appears that the application was not delivered to the main Post Office for processing until the following day, September 2, 2004 (see copy of USPS internet tracking, showing that the letter was received at the main Post Office, zip 10199). Under normal circumstances, all incoming mail to the Post Office would be delivered to the main sorting office on the same day as it is received.

Relief Requested:

Given the circumstances of applicant's filing, as described, and the enclosed evidence, applicant, through its representative, respectfully submits that, under 37 C.F.R. 1.10(d), the U.S. National Phase was timely entered within the 30-month time limit prescribed under 35 U.S.C. 371, and that the application be accorded a filing date of September 1, 2004. The required petition fee is enclosed.

Respectfully submitted,
